

Hello Mike,

Here are my 9th wave videos from March 16 to March 22. I included the three parts of my STAND IN YOUR POWER lecture from May 30th last year. Thank you for posting them.

Namaste,
Ron

[9th WAVE - WE ARE CONSCIOUS FAMILY](#)

A conscious family recognizes the interdependence and cooperation necessary to create peace and harmony. We recognize that each play our own role, do our own function and allow others to play and do theirs. It's a beautiful thing to move from the unconscious to the conscious in this 9th wave. This is what will change the world this year, and why we call it the awakening. It's happening everywhere; and, you can see it when you look for it. Added: March 22, 2011 Time: 12:32

[9th WAVE - CATCHING CONSCIOUSNESS](#)

Mama said there'd be days like this. It's not the way I planned; something unexpected presented itself. Now, I have to deal with it. There is nothing to teach; yet, it can be demonstrated. How do you deal with unexpected events in your life? Added: March 21, 2011 Time: 12:31

[9th WAVE - TALKING GIBBERISH](#)

Yes, this is the second take – again. Same as yesterday. I thank Harish, from India, for recovering yesterday's video and making it comprehensible. He was able to turn the gibberish into language we could understand. The language we're all understanding is the language of the heart, the language of love. We are family, around the world, across cultures and religions, even

beyond Earth, we really are one. It's a beautiful thing to be able to share love on the Internet.

[9th WAVE - BRIDGE OVER TROUBLED WATERS2](#)

So many people are experiencing difficulties. They need friends to help, to understand and to be supportive. They need a bridge over troubled waters. They do not need a guru. They need to be reminded: G U R U. It's okay to be yourself; in fact, it's mandatory if you are to find fulfillment.

[9th WAVE - JAPAN & THE RING OF FIRE](#)

Yes, there do seem to be strong indicators that the events in Japan in the past week have been exacerbated by human technology. Despite and in the midst of the disaster in NE Japan, the conduct of the Japanese people themselves has been exemplary. Along with our continued prayers, we need to acknowledge their outstanding calm in the midst of tragedy. Remember something: no matter what happens in this evolutionary window, it is people of the heart that have the greatest impact. Added: March 18, 2011 Time: 14:56

[9th WAVE - CO-CREATING: REALITY OR ILLUSION?](#)

Wow! I'm glad my reality was only an illusion. Computer glitches are fun, aren't they? It seems this one is now resolved. So, do we co-create our own reality; or is it all just an illusion? In fact, do we create anything at all? If nothing can be created or destroyed, then it's all here right now – always has been and always will be. What, then, do we experience?

[9th WAVE - SO, YOU'RE WAKING UP!](#)

A good number of people have written to me stating how confused he or she has been feeling, whether only recently or over a period of time. I share this with you to give you hope, to let you know you're not alone, and to point out that you are simply waking up. All that you have ever been, all the roles you have played and the things you've experienced throughout the long journey of your soul – all of it is coming together now. You are becoming all that you have ever been rolled in to one lifetime of wisdom, beauty and love beyond comparison. Added: March 16, 2011 Time: 17:16
