THE LEGEND AND PROPHECIES OF THE 13 SACRED CRYSTAL SKULLS SAYS that at a time of great crisis for all humanity and planet earth, the sacred crystal skulls will come together to reveal information vital to the very survival of the human race. Will YOU be there? Are YOU part of these prophecies,? YOU make the call.

The Crystal Skulls are considered to be one of the most intriguing mysteries in our world. Skulls made from a variety of quartz crystals have been found near or within ancient ruins for over the last 100 years. No one is quite sure how the crystal skulls found their way to these sites and who made them, as some of the older skulls (no way to scientifically date them) show some precise workmanship. The local people believe these skulls have an energy or power

There are numerous reports of people being cured of all types of illnesses and life threatening diseases (like how about a brain tumor for one?). Many people report that there lives change in a dramatic way after being in the presence of a crystal skull.

In working with these ancient crystal skulls, we find an incredible energy generally linked to the ancient quartz artifacts and many strange physical phenomena.

Indigenous Elders (Mayans, Native Americans, etc ...) believe the crystal skulls are connected to their prophecy of a transformation for our world and that they contain

incredible universal knowledge. The crystal skulls are also discussed in the bible code information as well as other connection's with ETs and the UFOs.

Many claim to have received a healing of some type or found that their psychic abilities have become expanded afterwards. In other words, the crystal skulls have interacted with various individuals in some form of energetic fashion. Other people have fallen into a trance or gone unconscious when they are around these ancient crystal skull 's and come back with some new information or insights. But the most dramatic phenomena which occurs around the Crystal Skulls are the holographic images which appear inside of the crystal skulls when they are activated. This activation has occurred by exposing the crystal skull to a combination of color, light, sound or even human energy. Some of the scenes that people report seeing within the skulls (this is also called scrying) are UFOs, flying people, mermaids, dolphins, whales, mountains, other Crystal Skulls, alien beings, forest, caves, etc ... To this date, no one is quite sure of the exact process which generates these pictures.

Crystal Skulls are a form of computer which are able to record energy and vibration that occur around them. A crystal skull can and will pictorially replay all events or images of the people who have come into contact with them (i.e. - they contain the history of our world) when activated by color, light, sound or human energy. Just as our modern computers can receive or send information to other computers all over the world (the best example is Internet), so too can the Crystal Skulls send information amongst themselves. We believe, as the ancient legends describe, that the Crystal Skulls can and have been used for healing. Several of the caretakers of ancient crystal skulls (have received some profound healing by working with their own personal skulls) have received reports from various people who had improvements in their health.

Based on reports and legends from various indigenous cultures, the crystal skulls have played a key role in these cultures development or have been viewed as a link to the Godhead, in whatever way this was represented to each of these tribes. We have also found a very strong link with extraterrestrials based on holographic images of "ETs" or spacecraft recorded in the skulls as well as discussed in some of the legends told by the people living in the areas where the skulls have been found. This leads us to believe that possibly beings from other worlds either brought these skulls to our world for some specific purposes (such as a tool to elevate consciousness and awareness of our spiritual origins) or gave to us the technology to make our own crystal skulls. If the Crystal Skulls were not brought by extraterrestrials then based on their strange properties, the phenomena occurring in their precise and the very concise way they were formed, could this be evidence for the existence of much more advanced civilizations existing in our past who possessed superior technology or were quite advanced spiritual?. Several spiritual channels have suggested that the crystal skulls were created in Atlantis or Lemuria.

Crystal Skulls are not only here to share ancient knowledge and wisdom, but to assist in awakening our race to higher spiritual laws and understanding of itself. They are announcing that many of the ancient's tools are coming back now because the planet is

ready to use them again in a harmonious way. The Crystal Skulls are a tangible sign that indeed a Golden Age is fast approaching our world, possibly arriving by the end of 2012. The crystal skulls are inwardly calling those individuals who have worked with them in past lifetimes so they can help the crystal skull to become more fully activated which will help to connect humanity to our inner divinity and the actualization of higher universal knowledge.

Ok, now here is our latest news brief that went out to the Awareness and Natural Awakenings Magazines in the City of Angels this week:

### **The 11-11-11 Crystal Skulls Event Comes To Los Angeles**

Oracle Stone Productions is organizing a three-day gathering to celebrate the convergence of ancient crystal skulls. The 11-11-11 Crystal Skulls World Mysteries Gateway Event will give attendees the opportunity to learn about the crystal skulls and the Mayan prophecies and the emerging shift in 2012. The Crystal Skulls are one of the most enduring treasure myths of all time. The unfolding and story of lost civilizations and these mysterious relics are creating a new shift in thinking and creating a gateway to human transformation. Because of the sheer number of people involved in the shift, and the growing magnitude of the crises that are driving us to change the way we think, we are standing on the threshold of human transformation at a level unlike anything ever before known on Earth. The event, which will be held at the Sheraton Gateway Hotel in Century City , opens Friday, November 11 and culminates Sunday, November 13.

Interest in the crystal skulls has increased ever since the 2008 release of Indiana Jones and the Kingdom of the Crystal Skull. According to Oracle Stone Productions, the Los Angeles crystal skulls event is the third in a series of four conferences. The first took place in Phoenix , AZ on 09-09-09. The 2010 conference was held in Manhattan , New York on 101010 and the final installment will take place at the Miami Circle in Florida on 12-12-12.

The conference will cover two days of speakers including ancient crystal skull guardians with their skulls, Mayan elders and crystal skull researchers plus prayers, ceremony, music and celebration. Speakers include Stephen S. Mehler, archaeologist, crystal skull researcher and co-author of *The Crystal Skulls: Astonishing Portals to Man's Past*, Raymond Tarpey, historian with Association for Research and Enlightenment (A.R.E.), founded by Edgar Cayce, and Hunbatz Men, member of the Council of Maya Itza Priests and Elders. On November 13, attendees will have the opportunity to participate in breakout sessions and private sessions with individual crystal skulls of their choice, including SHA NA RA, SYNERGY, EINSTEIN, AMAR, RAINBOW, MAYA and many more crystal skulls including a premiere showing of a Mystery Skull, an ancient crystal skull never revealed to the public.
