

**April 21<sup>st</sup> the end of the 2<sup>nd</sup> Harmonic Convergence Prophecy**  
**By**  
**Dr. Jose Jaramillo**

The Aztecs left to us **the prophecy of 13 heavens and 9 hells**. Not a lot of people know what this prophecy is all about. It is important before we go further in the explanation of this ancient prophecy of divine time, so we need to go back to the past and understand where this future telling was coming from. Why do we think it was left to us exactly for this time at the end of the cycle?

This prophecy it will last only 1144 years from 843 AD to the exact moment in time of August 16, 1987 then a new cycle of divine time will be open, another prophetic round will begin, another prophetic round of 13 Heavens and 9 Hells will be open for all of us to redeem ourselves from the old time but this time each cycle of heaven and hell will last only 360 days. Be ready and learn from the cycles of time because everyone will be tested only if you know about the cycles of divine time you will be saved.

In order for us to understand this Mayan-Aztec Prophecy of the 13 heavens and 9 hells we need to go back to the time of the Classical Maya. We need to especially study the ancient site of Palenque in a place that at one time was called Naah Chan “The House of the Serpent”. Some others called this house ‘Xbalanque’. This mystical place was the home of one of the greatest Mayan Kings ever in the history of the Mayan civilization. His name was Lord Kinich Janaab Pakal II, everybody referred to him as **Lord PAKAL**.

Whether mythological or historical, **Lord PAKAL was born on March 23<sup>rd</sup>, of the year 603 AD** and he was the son of Kan Bahlum Mo and Queen Sak Kuk. **He was ceremonially proclaimed King of PALENQUE on the exact day of July 29 of the year 615 AD at the age of 12**. He received his crown as **the eleventh King of PALENQUE** by his mother the Queen Sak Kuk.

We interject here, because one needs to know that the year 1987 was the year of the Harmonic Convergence Prophecy. It was a year in the Mayan counting of 52 years cycles of the Sun and the Moon cycles.

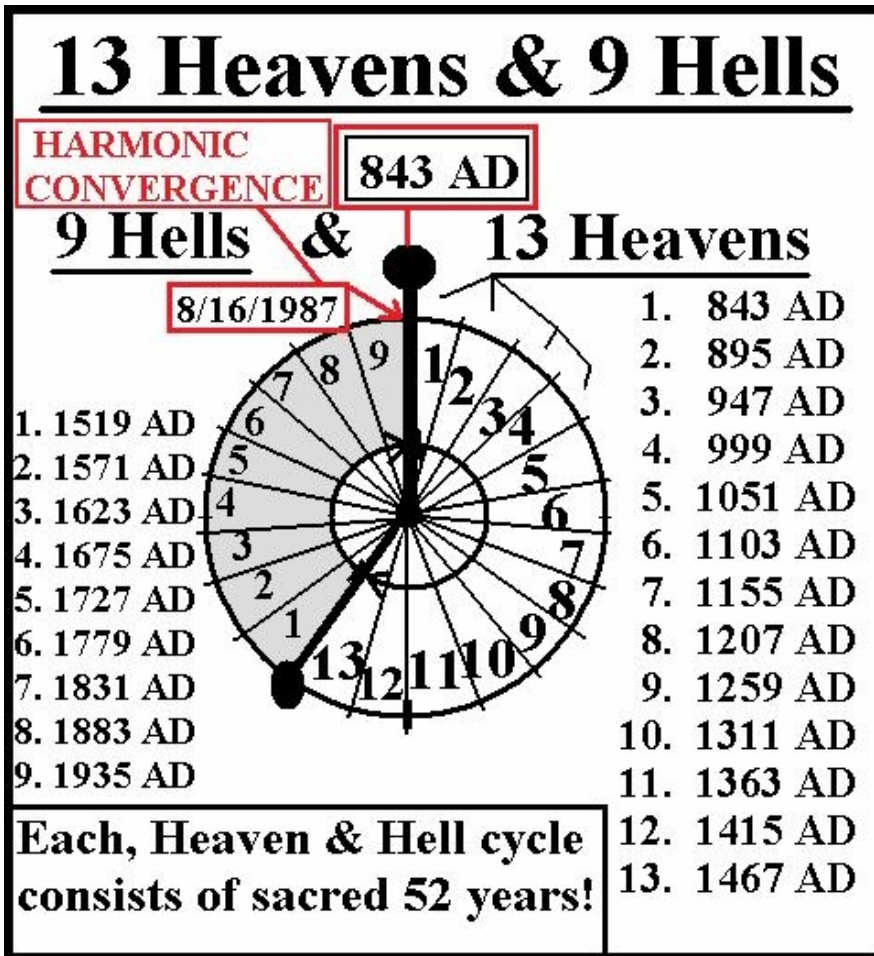

Figure: From the Book 'The World Tree.' We can see here the 13 cycles of heavens each 52 years, also the 9 cycles of hells each 52 years, this prophetic round ended on August 16, 1987 with the Harmonic Convergence Prophecy.

Counting in the Gregorian calendar 13 years would take us to the year 2000 and 9 more years would lead us to 2009. Will anything happen in 2009? Did the Ancient astronomers count by an exact solar year of 365 years or just 360 years or they plainly count by a different measure of the Venus or the Moon Calendar? It is difficult to ascertain it with accuracy. Let us continue with the story:

“After these 22 cycles each of 52 years, then another prophetic round of 13 Heavens and 9 Hells will be open, but this time each cycle will last only 360 days for the total of 7,920 days, then it will come the time of 40 days and 40 nights for the time of redemption, you will be tested, and then after all of this again for another 1,320 days, if we keep ourself faithful to the divine time, then we will

have the opportunity to see the end of the cycle. We need to learn from the knowledge of Lord PAKAL, we need to find the truth behind the voice of PAKAL'S spirit, because PAKAL son of KAN BAH LUM MO and Queen SAK KUK, was the messenger of the time cycles, and remember that all his numbers are secret for those who can understand it. Once that he had gone we will see clear signs and we will be tested, so we need to learn from his knowledge and be one with the eternal light that lies within us.”

### **Explanation of the 13 Heavens and 9 Hells Prophecies:**

We need to put attention into the dates in the sacred count of days of the Mayans so we can see the interconnection between different events into the future, so we can understand better this ancient prophecy of divine time. First we want to point it out that Lord PAKAL was born on March 23<sup>rd</sup> of the Year 603 AD which in the sacred count of days of the Mayans was the day “8 AJAW” which means “8 Sun kin 60.”

When he was proclaimed King of PALENQUE was July 29<sup>th</sup> of the year 615 AD, which in the sacred count of days of the Mayans was the day “7 OC” which means “7 DOG Kin 150.” When he was 29 years old he become more spiritual being in the exact moment in time was recorded that on June 8 of the year 632 AD, which in the sacred count of days was the day “4 MULUC” which means “4 Moon kin 69.”

We want to point it out that another interesting event was occurring in the other side of the World because this day was the day when the Prophet Mohammed was ascendant into the Heavens. This might be a very interesting fact in the religious history of humanity, but certainly could be an important day marker in the cycles of cosmology.

When he built his first temple was the day January 7<sup>th</sup> of the year 646 AD, which in the sacred count of days was “12 OC” which means “12 Dog kin 90.” His first building was the forgiven temple he built it honoring the memory of his mother Queen SAK KUK and his father KAN BAH LUM MO. This temple became a sacred place for PAKAL because it was the place where he honored the living memory of his ancestors.

On the exact day of August 10<sup>th</sup> of the year 663 AD, a great Lord came to PALENQUE his name was AJAWMUNI, this day was “1 IX” which means “1 Jaguar kin 14.” And on August 31<sup>st</sup> of the year 683 AD, Lord PAKAL ascendant in the Heavens and in the

sacred count of days was “6 ETZNAB” which means “6 Flint or Mirror kin 58.” He gives to his son KAN BAHLUM II and his loyal friend Lord AJAWMUNI the task of saving the cosmic knowledge for the future generations to come. For twenty years KAN BAHLUM II followed his father’s orders and he became a very important king of PALENQUE. He constructed several structures during those years, such as the Temple of the cross, the Temple of Sun and Moon and also the Foliated Cross Temple. He dedicated 9 years of his life sealing completely the tomb of his father and he was responsible for putting the 620 inscriptions in the central panel of the Temple of the Inscriptions. This was erected to honor the two great cycles of the Mayans, which are the 360 days and the 260 days cycles.

The dedication of the tomb was the year 692 AD and by that time when KAN BAHLUM II ascendant into the heavens was the year 703 AD, Lord PAKAL told his son that after the 20 years of the recollection of the sacred cosmic knowledge, it will be the time that was known as the “Lost 7 Generation” each of these generation will last 20 years for 140 years. So this prophecy was from the year 703 AD to the exact day on the year 843 AD when the prophecy of the 13 Heavens and 9 Hells started in that precise moment in time on September 2<sup>nd</sup> of the year 843 AD which in the sacred count of days was the day “1 IMIX” which means “1 Crocodile kin 1.” This day sign is the beginning of the sacred count of the Mayans.

After 13 Heavens each of 52 years was the end of the 13 cycles of heavens that ended in the precise moment in time on the day April 21<sup>st</sup> of the year 1519 AD, when the conquistador HERNAN CORTEZ landed in VERACRUZ and that was the beginning of the 9 Hells. That day in the sacred count of days was “4 OC” which means “4 Dog kin 30” this sacred sign is one of the 16 sacred sign around the lid of Lord PAKAL. And is part of the Mayan prophecies. PAKAL knew the exact moment when the conquistadors will be landed into their land.

That day was the beginning of the 9 Hells each hell lasting 52 years until the exact moment in time of August 16, 1987 that day was the end of these 9 hells, that day in the sacred count of days was the day “1 IMIX” which means “1 Crocodile kin 1.” A new prophetic round started in the sacred calendar. That day was the beginning of a new cycle of hope for the people of the Earth the prophecy of the 13 Heavens and 9 Hells was fulfilled in the precise moment in time.

## **The Prophecy of the 10 Kings of Mexico:**

The book of prophecy of Lord PAKAL says: *“The Earth is a place where we are going to be tested on our free will, and the free will can only be concluded positively if humanity used their free will collectively speaking on behalf of a positive point unifying ourselves in the new time. The final test is to understand the sacred cosmic knowledge in how the universe, our galaxy and our solar system function through the World Tree and how life re-created itself at the end of each cycle.”*

I think this part of the prophecy incorporates other sacred books, such as the Koran that explains about the Day of Judgment in **SURA 54:**

*“When the Moon is parted in two, then the hour approaches.”* The Moon that was parted in two was that by the time of the discovery of the tomb of Lord PAKAL the President of Modern Mexico was MIGUEL ALEMAN VALDES which his date of birth was September 29<sup>th</sup> of the year 1900 AD so he was in the sacred count of days of the Mayans “2 MULUC” which means “2 Moon kin 249.” In the Mayan count of days “2 Moon” is the moon that polarizes, it polarizes between the believers and the unbelievers, between those who can hear the prophecy and those who cannot hear the prophecy, between those who can understand the cycle of divine time and those who cannot understand these cycles of divine time that repeat itself to re-created life on Earth.

That is exactly what this prophecy was talking about, because that’s the message of the Moon been parted in two, meaning that when the Mexican President will be in his period as a new president of Mexico, the recovering of the sacred teaching of Lord PAKAL will be happening. And actually when this Mexican President left office was December 1<sup>st</sup>, 1952 in the sacred count of days was the day “13 CHICCHAN” which means “13 Serpent kin 65” and this day sign is one of the 16 day signs around the lid of Lord PAKAL.

The prophecy of the 10 Kings of Mexico are the ten presidents of modern Mexico who each held a six years term of office beginning in the year 1934 on the exact moment of time on December 1<sup>st</sup> of the year 1934 which in the sacred count of days was “3 OC” which means “3 Dog kin 230”.

We can see that this ancient Prophecy of the ten kings of Mexico, which started in 1934 and was completed in 1994. The ninth and

the tenth presidents were set up by the CIA and the money oligarchy –DE LA MADRID and SALINAS DE GORTARI- these two presidents of Mexico had terms running 12 years. MIGUEL DE LA MADRID from 1982 to 1988 and CARLOS SALINAS DE GORTARI from 1988 to 1994. They are Harvard/ MIT business-trained, CIA-groomed presidents who were to put Mexico on a course of pure monetary politics.

The terms of the ten kings of modern Mexico was 60 years; the term of the two presidents who were tapped by the CIA were 12 years. That's the 12:60, which was the time that the tomb of Lord PAKAL was closed from 692 AD to 1952 when Mexican archeologist ALBERTO RUZ discovered the tomb, which was exactly 1,260 years apart. The prophecy was received in Mexico and was sent to all principal authorities.

It was also clear that the prophecy speaks about the 11 Serpent, and this sacred sign refers to one of the 16 signs around the edge of the lid of Lord PAKAL. And the prophecy says:

*“The false king will return to be embraced by the 11 Serpent, do not doubt any of this. When the moment comes for him who is to be the eleventh in succession he will be the 11 Serpent, then join the believers and will begin the prophecy that liberates from all kings and successors.” “Ten witnesses I place around my tomb, Ten Kings were in my time before I was proclaimed King of NAA CHAN, Ten emissaries of these I am the eleventh, who will be the eleventh in the final succession of the Kings of Mexico must own me as the eleventh, then will all go well.”*

It is very interesting to find out that the eleventh of the modern Kings of Mexico was ERNESTO ZEDILLO that his date of birth was December 27<sup>th</sup> of the year 1951 which in the sacred count of days was “11 CHICCHAN” which means “11 Serpent kin 245.” So he was the eleventh in succession of the ten kings of modern Mexico, he was the one that the prophecy was talking about.

And we all know that he was the one that after 60 years of power of the primary party in modern Mexico PRI, he was the one in charge of giving the power away to the next president of Mexico that was having foreigner blood which was VICENTE FOX, which his father was born in Cincinnati and his mother was born in Spain. So the Prophecy was very clear about the cycles of divine time of 13 Heavens and 9 Hells.

When the first prophetic round ended on August 16, 1987 was just the end of that prophetic round of 52 years each cycle of heaven and hell but another prophetic round was open once again, but this time each cycle of the 13 Heavens and the 9 Hells will last only 360 days instead of 52 years. So, on the precise moment of time on August 16, 1987 the new cycles of 13 Heavens was open with the HARMONIC CONVERGENCE Prophecy so the first heaven begins in the exact day on '1 Crocodile kin 1' in the sacred count of days.

By the time of the Ancient Mexico in TENOCHTITLAN when the conquistadors landed in Mexico MOCTEZUMA was the King of TENOCHTITLAN and he was the ninth king in succession, then the story says that he was killed and then CUITLAHUAC took the power of TENOCHTITLAN as the tenth King, then he died after 88 days he was the brother of MOCTEZUMA, then the Eleventh King of TENOCHTITLAN was CUAUHEMOC of ANAHUAC he was the one holding up the invasion of the conquistadors but now we all know what happened. He was the last King of the Ancient Mexico he was the Eleventh in succession.

**Here is a list of the eleven King's of TENOCHTITLAN:**

1. ACAMAPICHTLI from 1375 to 1396 AD
2. HUITZILCHUITLI son of ACAMAPICHTLI from 1396 to 1417 AD.
3. CHIMALPOPOCA son of HUITZILCHUITLI from 1417 to 1426 AD.
4. ITZCOATL son of ACAMAPICHTLI from 1427 to 1440 AD.
5. MOCTEZUMA I ILHUICAMINA from 1440 to 1468 AD.
6. AXAYACATL from 1468 to 1480 AD.
7. TIZOC from 1480 to 1486 AD.
8. AHUITZOTL brother of TIZOC from 1486 to 1502 AD.
9. MOCTEZUMA XOCOYOTZIN son of AXAYACATL from 1502 to 1519 AD.
10. CUITLAHUAC brother of MOCTEZUMA last only 88 days in 1519 AD.
11. CUAUHEMOC of ANAHUAC son of AHUITZOTL from 1519 to 1520 AD.

It is very interesting to find out that by the time of the conquest the last Aztec King was CUAUHEMOC of ANAHUAC in the year 1519-1520, also the King during that period of time of Spain was CARLOS V. What it is interesting about this prophecy is that by the time when this prophetic round ended on the precise moment in

time on August 16, 1987 the two candidates for the presidency of modern Mexico were **CARLOS SALINAS** and **CUAUHTEMOC CARDENAS**, again the two names by the time of the conquest were repeating again at the end of this ancient prophecy **CARLOS the V** and **CUAUHTEMOC** in 1519-20 and **CARLOS SALINAS** and **CUAUHTEMOC CARDENAS** 1987-88.

By the time when NAA CHAN now known as PALENQUE were flourishing the Ten Kings of PALENQUE before the Eleventh in succession that was Lord PAKAL, again we find similarities between the kings of TENOCHTITLAN and the kings of NAA CHAN and here is the list of the 11 Kings of PALENQUE:

1. KUK BALAM from 431 to 435 AD.
2. CH'AWAY from 435 to 487 AD.
3. BUT'Z AJ SAKCHIC from 487 to 501 AD.
4. AHKAL MO-NAHB I from 501 to 524 AD.
5. KAN JOY CHITAM I from 524 to 565 AD.
6. AHKAL MO-NAHB II from 565 to 572 AD.
7. KAN BAHLUM MO I from 572 to 583 AD.
8. NAA KANAL IKAL from 583 to 604 AD.
9. AAK KAN from 605 to 612 AD.
10. SAK KUK mother of PAKAL from 612 to 615 AD.
11. PAKAL II from 615 to 683 AD.

Around the Lid of PAKAL we can find the ten emissaries, which are the Ten Kings in succession into the throne of PALENQUE before the Eleventh that was PAKAL, so the prophecy is clear when it speak about the eleventh in succession of modern Mexico and we all know now that the Eleventh was ERNESTO ZEDILLO who make the transition at the end of the 13 Heavens and that was from June 14, 1999 to June 8 2000. Again we were witnesses in how the power went back to the conquistadors because that was the end time of the modern kings of Mexico, so the new king with a foreigner blood took position as the new king of modern Mexico and that was VICENTE FOX and is very interesting how he also was doing with his fingers the sign of "V" of victory but that could also mean the sign of CARLOS the "V". And in the other hand CUAUHTEMOC CARDENAS he was running again for the presidency but he lost one more time, like in the oldest days when CUAUHTEMOC of ANAHUAC and the Aztecs lost against the conquistadors.

So we all learn from this ancient prophecy of the 13 Heavens and 9 Hells that the cycles of divine time repeat itself over and over again, until we will reach the end of Mayan Great Cycle. We will

not be surprise that by the 2010 we can start hearing that the two potential candidates of modern Mexico will carry the names of CUAUHTEMOC and CARLOS or something relating with foreigner blood, so this is very interesting.

**Here is the chart of each cycle of Heaven of modern time:**

Figure from the book 'The World Tree': Here we have the new prophetic round of 13 heavens and 9 hells each made of 360 days, which will be end on the exact day of the anniversary 490 when the Spaniard landed in Mexico on April 21<sup>st</sup>, 1519 AD.

With this chart of each of the 13 Heavens and 9 Hells of the most recent prophetic round we notice that the most peaceful years ever in human history by far goes from August 16, 1987 to June 7, 2000 was the most peaceful years like it was in the past from 843 AD to 1519 AD. And we can see that the 9 cycles of Hells in this prophetic round will end exactly on the anniversary 490 years of the conquest.

Then from April 22, 2009 (at the end of the month ARIES, the LAMB OF GOD?) will be open a new prophetic round but this time is known as the 40 days and 40 nights of preparation. On the exact day of April 22, 2009 which in the sacred count of day will be "4 IMIX" which means "4 Crocodile kin 121" will be the

beginning of the 40 days and 40 nights round of preparation that will last only 80 days.

So by April 21, 2009 will be the end of the 9 hells in this last prophetic round and a new prophetic round of hope will be open for the whole humanity to start understanding the secrets behind each ancient story in how everything works in our beautiful Galaxy within our Solar system and our Mother Earth.

### **Here is the chart of 40 days and 40 nights:**

First 20 days: Will start: April 22, 2009	Will End: May 11, 2009	10 Sun
Second 20 days: Will start May 12, 2009	Will End: May 31, 2009	4 Sun
First 20 nights: Will start June 1, 2009	Will End: June 20, 2009	11 Sun
Second 20 nights: Will start June 21, 2009	Will End: July 10, 2009	5 Sun

On the exact day of July 10, 2009 “5 AJAW” which means “5 Sun” it will start a period of redemption for 1,260 days until we reach the precise moment on December 21, 2012 which will be “4 AJAW” which means “4 Sun kin 160” in the sacred count of days. And after 1,260 days we all need to walk this Earth for another 60 days to complete the 1,320 days after the end of the Mayan Calendar on February 21, 2013, then it will be the return of the King. We need to remember that the natural frequency of the Mayan calendar is made of 13 numbers or tones and 20-day signs or nahuales, which is known as the 13:20.

### **Here is the list of the Modern Kings of Mexico:**

1. LAZARO CARNEDAS 1934 to 1940 “9 BEN”
2. MANUAL AVILA CAMACHO 1940 to 1946 “10 CIB”
3. MIGUELALEMAN VALDES 1946 to 1952 “5MULUC”
4. ADOLFO RUIZ CORTINES 1952 to 1958 “4 MULUC”
5. ADOLFO LOPEZ MATEOS 1958 to 1964 “4 OC”
6. GUSTAVO DIAZ ORDAS 1964 to 1970 “9 CHICCHAN”
7. LUIS E. ALVAREZ 1970 to 1976 “8 MULUC”
8. JOSE LOPEZ PORTILLO 1976 to 1982 “13 MULUC”
9. MIGUEL DE LA MADRID 1982 to 1988 “1 IMIX”
10. CARLOS SALINAS 1988 to 1994 “13 IK”
11. ERNESTO ZEDILLO 1994 to 2000 “11 CHICCHAN”

Just to finish this article it is very interesting to find out that in the past the state of Chiapas which is the place where is the Temple of the Inscription that was the place of Lord PAKAL some historian says that Chiapas was part of Guatemala, well it is very interesting to know that the current president of Guatemala is a Mayan Elder Alvaro Colon and his day sign in the sacred calendar is ‘8 AJAW’ which means ‘8 Sun’ which was PAKAL day sign of birth.

So that is why is so important to have a ceremony this coming April 21<sup>st</sup> because will be the end of the second harmonic convergence prophecy and a time of preparation for another 80 days of 40 days and 40 nights before we all walk together for the last 1,320 days before the end of the Mayan Cycle in February 21<sup>st</sup> 2013, which will be the day 1 Wind of the Year 1 Wind, which the Mayan Elders called 'Year Zero.'
