[11th 12th 13th Wave - TIME COLLAPSES, THE EVOLUTIONARY LEAP IS NOW](#)

Is this the day we have been waiting for all of our lives? It could be. The energies being downloaded cannot be stopped; the changes sweeping the world will escalate as more and more people awaken to the eternal reality of unity consciousness. The old paradigm of separation is dead; and those that try to revive it will fail. November 11, 2011 03:17 AM Public

[10th Wave - MAKE A DIFFERENCE OR ESCAPE?](#)

\Some people I know want nothing more than to get the hell out of here. I used to be one of them. I was raised with the escape mentality; and it still exists, even in metaphysical/spiritual circles where people have freed themselves from much religious dogma. To these I ask: Don't you want to make a difference? How does escaping accomplish that? November 10, 2011 03:39 AM Public

[10th Wave - RENEW, RESTORE, REBUILD OUR WORLD](#)

For many years now my prayer has been: Renew my mind, Restore my soul, Rejuvenate my body. In fact, I made a list that I have kept on the wall next to my desk using many "re" words. The prefix, "re" means back again, do over, or once more. Today I add another one not on my list: Rebuild our world. I'm reminded of a Bible passage found in the 12th chapter of Hebrews, "His voice then shook the earth; but now he has promised, "Yet once more I will shake not only the earth but also the heaven." This phrase, 'Yet once more,' indicates the removal of what is shaken, as of what has been made, in order that what cannot be shaken may remain." November 9, 2011 02:25 AM Public

[10th Wave - THE INVISIBLE 99% \(IS WAKING UP\)](#)

I'm convinced that the 99% has been mostly invisible and silent for a long time. That is changing in more ways than one as the Occupy Movement sweeps the globe. What is happening, beyond the obvious political implications, is that the unconscious is being made conscious and the invisible is being made visible. This is true both on the individual and the collective level. The 1% – seeing its "reality" threatened – trembles as the 99% wakes up. The 1% is the ego or the usurper; and the 99% is the Self, the Creator of All That Is. When that 1% finally surrenders to the greater wholeness, we will have peace within our selves and upon the Earth. Indeed, this can be a peaceful conquest, if we choose it to be.

[10th Wave - RELEASING THE OLD PARADIGM](#)

In recent weeks, there has been a good deal of controversy in regard to new and old paradigm thinking. Yesterday Michael Erickson wrote, "There is a war, Ron. It's the war between what IS true, and what APPEARS true. If you are not fighting this war, you will very likely believe a lie." And again, "The idea that we are "one with God" IS the propaganda." This is old paradigm thinking; and, as I see it, responsible for the world we have created. I cannot make anyone see anything; however I do invite as many as can to release this old-paradigm thinking and envision a world of peace rather than a world at war. November 7, 2011 02:54 AM Public

[10th Wave - PROGRESSIVES OR LIBERTARIANS](#)

I attended Progressive Voices last night here in Melbourne, Florida just to hear former US Congressman Alan Grayson. It was actually fun. There was a lot of humor...and a lot of emphasis on social programs and overlooking the shortcomings of the Democratic Party. They tried to get me to sign up and get active. Here's what I told them. "I no longer vote because I am not part of the CORPORATION that poses as a nation." They did not get it, at least it seemed that way. November 6, 2011 02:46 AM Public

[10th Wave - TWO APOCALYPTIC VISIONS](#)

From WIKIPEDIA: "An Apocalypse (lifting of the veil or revelation) is a disclosure of something hidden from the majority of mankind in an era dominated by falsehood and misconception, i.e. the veil to be lifted. The Apocalypse of John is the Book of Revelation, the last book of the New Testament. By extension, apocalypse can refer to any End Time scenario, or to the end of the world in general." Can you see two separate meanings in that short description? I can. It all depends on one's perspective.

[10th Wave - RESETTING OUR REALITY](#)

By now it should be obvious to all who think and feel that we are in the midst of huge changes. In the US, it is reported that they will shut down all public communications on November 9th. Some see this as a reset in preparation for martial law. Others see it this time as a reset of Cosmic awareness. Which one do you see? Consider that your particular worldview comes into play here. If you see the world as controlled by dark entities, you'll likely fear what is happening. If you see that life is on a course toward awakening, you'll feel excitement. [10th Wave - LOVE IS OUR ONLY WAY HOME](#)

Today (yesterday) was a trying day for me. Not only was I working on legal papers again, I was dealing with a couple people on Facebook trying to convince me that their interpretation of Christianity was the only right one. I probably did more explaining than I needed to do; but I was feeling especially frustrated that anyone could think they were loving by judging. You would never catch me on their social network pages trying to convince them they were wrong. To me, we can all believe whatever we choose. I am convinced, however, that Love is our only way home. I choose to love, for Love in my religion and unity is my point of view. November 1, 2011 08:52 PM Public

[10th Wave - THE IMPORTANCE OF A FOCAL POINT](#)

One of the mainstream accusations of the Occupy movement is that it does not have a focus. This is true and false. Many in the movement do not know much of anything beyond his or her personal grievances. Many still may not see the bigger picture. However, there is one major consensus or focal point: **MONETARY CORRUPTION IS PANDEMIC WITHIN THE SYSTEM!** Nearly everyone wants to take money and corporate influence out of politics and government. I would add **OUT OF THE COURTS** as well, for it is through the courts that the police are somewhat controlled. November 1, 2011 02:18 AM Public

He is President pro tem of the Republic. What he and other shared was amazing, including much information about how to lawfully and peaceably reclaim the united States and bless the entire world. I truly wish the information shared could go viral on the Internet and even mainstream media. Yes, there is an actual plan to turn the world around and make it work for everyone. People awakened as never before during the 9th wave that just ended yesterday. By no means was this a majority. Neither is it a majority that have been ruling the world through fraud and deception, sowing discord and violence. The mass demonstrations around the world this year are indicative that we know what the problems are. We've also have been told that the Galactics will not interfere since this is a free-will zone. My question is: What will it take for Heaven to finally help us? October 29, 2011 02:13 AM Public

[9th WAVE REVIEW ON ITS FINAL DAY](#)

October 28,2011 is here: the final day in this 9th Wave in the Evolution of Consciousness. Occupy Yourself is today, a day in which we are urged to step out of the system as much as possible, focusing within and on ourselves. It is my granddaughter's ninth birthday; which I had forgotten until my daughter called yesterday to remind me. A family get-together is planned at the same time I had planned to be demonstrating with Occupy Melbourne, Florida. I'll be with my family. So, this morning I reflect on the past nine months. How will it happen, Ron? Not only do others ask me that question, it is also one I keep on asking myself. How will the really big shift in human consciousness occur, one that will start bringing about the necessary changes that will noticeably affect our lives? When will we finally be able to see that we really are in a new paradigm? Will it happen as quickly as we'd like; or will it be a long drawn-out affair? Can you feel the frustration and the anticipation? I can. October 26, 2011 03:40 AM Public

[9th WAVE - VATICAN CENTRAL BANK? NO THANKS!](#)

There will be a new world order! Why? Because the old world order sucks! A few being enriched and empowered to the detriment of many will no longer cut the mustard. What is essential, if there is to be genuine freedom, is a total decentralization of power. To centralize and globalize is a fascist dream to which the people of the world must be wise enough to say and enforce a solid: NO THANKS! Individuals and local communities, as I see it, must be preeminent in any restructuring of human society. To ensure the sovereignty of the individual, human culture must remain diversified, and governments must shrink, not grow. October 25, 2011 02:46 AM Public

[9th WAVE - THE EVIL ILLUMINATI: FACT OR PERCEPTION?](#)

Within duality, everything appears as pairs of opposites. Because humans throughout time have been mostly unable to see unity in diversity, there has been a seemingly perpetual battle of opposites: light vs. dark, good vs. evil. Now, is this battle real, or is it merely perception? To me, your answer reveals your state of consciousness. If it's real to you, you will be engaged in warfare, always attempting to expose the "fact" of evil intent. However, once you see the unity of all things, the battle is over; and the end of the game is in sight. October 24, 2011 03:00 AM Public

[9th WAVE - ILLUMINATING THE ILLUMINATI](#)

What we call the Illuminati has controlled the world, western world at least, for a very long time. They have operated in the shadows and have done their best to keep their secrets secret. All that is changing - very rapidly. Yes, we the people are awakening. As we do, our nightmare is ending; and the Illuminati, long the masters of separation and fear, are now, themselves, fearful. Why? Because we are illuminating the Illuminati with a very basic truth: there is no separation. We are all interconnected; and there are no more hiding places. October 23, 2011 01:52 AM Public

9th WAVE - WHO OR WHAT IS IN CONTROL OF THE OCCUPY MOVEMENT?

This is quintessential information! Folks, this game of Matrix that we are in is all about control. Make no mistake about it. Every one of us needs to understand what is happening. It is either spiritual awakening, which means taking personal responsibility; or it means becoming more enslaved than ever before to a system in which freedom cannot exist. We need, as one Master once said, [To] "be wise as serpents and harmless as doves." 9th WAVE - ON ASSIGNMENT FROM THE CREATOR

Today completes my 65th year in this body; and 2011, by far, has been the most incredible year of my entire life. From earliest childhood, I have known that I was here for a purpose, a mission to fulfill. Others along the way have recognized something in me that at times I failed to see in myself. They reminded me. So many to thank, so many to appreciate! Starting today, I begin the rest of my life; and I have a feeling that the best is yet to come...not only for me, but for my entire human and cosmic family. The ancient dream is being fulfilled. 9th WAVE - NEW WORLD ORDERS ARE ALREADY HERE

The earthly powers that want to be in control of everything have been issued new orders. That old control structure is now in disarray. It may not look that way to many people; however, those that perceive the movement of energy behind the scenes know that time is short before the complete capitulation of the corporate power structure on planet Earth. The one percent of awakened souls is far more powerful than the one percent of control freaks. I "feel" the new world coming into being. Can you feel it too? October 20, 2011 03:17 AM Public

9th WAVE - ASCENSION IS A HIGHER VIBRATION

There is much talk about ascension in some circles these days. Many see it as a series of spiritual hoops that we must jump through to escape our illusions. Others see it as some sort of rapture in which we are whisked away to another plane of reality because of proper beliefs. I see it as getting closer to our Creator in our ability to love more and more unconditionally. It's merely a higher vibration. Maybe there

is more to it; yet love, to me, is the core, the essence of what everything has been about all along.

[9th WAVE - MISSION: TO PROMOTE INDIVIDUAL ASCENSION](#)

Dr. Georgi Stankov wrote to my friend, Mr. Ed, following my video (10/14/2011) in which I named him, saying, "Please forward my latest article to Ron Van Dyke, The Plight of the New Age Veterans Prior to Ascension (also 10/14/2011), and make him aware of my open letter to Steve that will be published today. Tell your friend that he needs still a lot to do to liberate himself from his dualistic point of view of the world and see the reality from the dialectical, philosophical point of view as I advocate. Tell him that he is not yet free from the illusions of the 3d-space-time and hence cannot discern the artificial dramas which I am staging for the New Age veterans to learn something new in their old days. I hope that he has a great sense of humour and he can immediately begin to laugh at himself for his blindness. I am also laughing, while writing this letter. No. I will copy my letter to Steve in advance in honour of your friend, so that he can begin laughing at himself immediately. This is the most effective technique to promote individual ascension, and this is my mission currently."

For many years I thought I stood pretty much alone in what I saw had to be known and done. Yes, knowing alone is not enough. It takes action. [9th WAVE - FINDING & OCCUPYING OUR CENTER](#)

We live in a polarized world. That's why we have conflict and war. Each human polarity feels a need to eliminate its opposite. You see it clearly in the attitude of some that demonstrate for a better world as "getting rid of the opposition" is often stressed. The degree of our success in creating a world that works for everyone, as I see it, depends on our willingness to come from our hearts and not our heads, which is where polarization originates. Can you center yourself; or are you stuck in a paradigm of opposition?
